| Item | Description | Quality | Qty. |
|------|-------------|---------|------|
|      |             |         |      |

Search an Item  
Enter a grid pattern

| Item code | Quality | Quantity to prepare | Quantity picked | Batch |
|-----------|---------|---------------------|-----------------|-------|
|           |         |                     |                 |       |

The click on the option *Enter a grid pattern* provides access to the list of item patterns saved in the environment

Pattern selection

Find

| Code | Description         |
|------|---------------------|
| CAM  | CAMBRIDGE NOTEBOOKS |
|      |                     |
|      |                     |
|      |                     |
|      |                     |
|      |                     |

The validation of the model selection allows you to reach the window for entering the quantities of the references from the model:
