

Packaging Accounts Creation

Access:

- **Packagings tab → Packaging Account**

Screen Layout:

- **Left panel: List of existing accounts showing:**
 - **Account type (Internal or External)**
 - **Account code**
 - **Account designation**
 - **Right panel (tabs vary by account type):**
 - **External accounts:**
 - **Packaging Types: Lists packaging types linked to the account, their prices, and comments**
 - **Third Parties: Lists third parties associated with the account**
 - **Internal accounts:**
 - **Activity: Shows activities linked to the account**
-

Available Actions (Contextual Menu / Tabs)

For Accounts:

- **Export to Excel**
- **Create new account**
- **Modify account**
- **Delete account**
- **View additional information**

For Tabs (Packaging Types / Third Parties / Activity):

- **Associate new item (Packaging Type, Third Party, or Activity)**
- **Edit**
- **Delete**
- **Print**

- **Export to Excel**
-

Creating an Account

1. Internal Account

- **Click Add or New in the contextual menu**
- **Enter:**
 - **Code**
 - **Type: Internal**
 - **Designation**
 - **Contact details (optional)**
 - **Comments (optional)**
- **Define activities:**
 - **Go to Activity tab → New**
 - **Select relevant activities from the list and validate**

2. External Account

- **Creation is similar to internal, but associations differ:**
 - **Instead of activities, link:**
 - **Types of Equipment (Packaging Types tab → New)**
 - **Third Parties (Third Parties tab → New)**
 - **Tick relevant items and validate**
-

Important Notes

- **Packaging management in SpeedWMS can only be fully executed after configuring both packaging types and packaging accounts.**
- **Associations define how packaging is used in internal processes or linked to external third parties.**
